WINEMAKING

After picking, the grapes were gently pressed and underwent slow, cool fermentation to preserve the delicate fruit flavours. Once dry, the wine was allowed to mature prior to final blending and bottling.

WINEMAKER'S COMMENTS

Light straw with a youthful green hue. Enticing fresh aromas of pear and apple with citrus and tropical notes. Crisp and vibrant palate of pear, apple and grapefruit with mineral accents and a crisp, clean finish.

WINE & FOOD MATCH

This is a very delicate wine, which is perfect as an aperitif or with seafood dishes.
